Frequently Asked Questions.

Q.1 What is an internship?

- 1.1 An internship is a temporary, typically semester-long position with an employer that emphasizes education and training related to a student's professional pursuits or major of study. It is an opportunity to explore an industry of interest and/or develop a professional network before graduation. Internships integrate knowledge and theory with practical application and skill development in a professional setting. An internship is conducted as a partnership between a student, Pratt Institute, and the employer.

Characteristics of an internship at Pratt:

- a) Set and agreed upon time limitations, goals, outcomes, and expectations for both the student intern and the internship employer.
- b) A semester-long position that adheres to Pratt Institute's academic calendar and deadlines, but can vary in the number of hours required per credit.
- c) Students are responsible for researching, applying, and securing an internship placement.

Q.2 Am I required to have an internship for academic credit? (continued next page)

- 2.1 At Pratt, only undergraduate students in Fashion Design and Creative Writing are required to have an internship. All other undergraduate departments have an elective internship course.
- 2.2 There are several graduate programs at Pratt that require an internship, a practicum, or a clinical experience for licensure. These include but are not limited to:
- **School of Information - Practicum.**
 - **Art and Design Education - Student Teaching.**
 - **Advanced Creative Dance Therapy - Clinical Experience.**

If you are unsure if this applies to you, please check with your department.

Frequently Asked Questions.

Q.2 Am I required to have an internship for academic credit?

- 2.3 For US citizens and permanent residents, taking an internship course for credit is an option, not a requirement. For International students, it is a requirement since an internship course is needed to be authorized to work off campus utilizing CPT or OPT.
- 2.4 Some internship employers only hire students enrolled in an internship course. In cases where your department does not require it but you want to do an internship, you will have to register for an elective internship course if it is required by the employer or if you are an international student.

Q.3 What are the requirements for receiving academic credit for an internship?

- 3.1 Complete the [Internship Orientation Process](#): watch the Internship Orientation video and complete the corresponding quiz.
- 3.2 You must be a junior or senior, or you must obtain approval from your department Chair.
- 3.3 3.0 GPA, or approval from your department Chair.
- 3.4 International students must be at Pratt for one academic year and apply for Curricular Practical Training (CPT) through the Office of International Affairs (OIA.)

Individual academic departments may have additional eligibility requirements. Go to Pages 16-25 to identify your school and program to identify Internship Coordinators.

Frequently Asked Questions.

Q.4 Do internships pay a wage or salary?

- 4.1 Internships can be paid, unpaid or offer other types of compensation.
- A compensation bearing internship offers some kind of benefit, but not an hourly wage. Such compensation can take the form of stipends for travel or meals, Metro cards for transportation, or a fellowship. This is not the same as a paid internship. Compensation bearing internships can be taken for academic credit.
 - A paid internship can be for academic credit or not for credit.
- 4.2 Any internship that does not provide an hourly wage as compensation is considered unpaid. This excludes non-profit organizations, which can offer opportunities similar to an internship in the form of a volunteer experience that provides educational value. For-profit companies can only offer an unpaid internship if they adhere to the [Department of Labor's Fair Labor Standards Act \(FLSA\)](#). Many companies, in trying to align with the Fair Labor Standards Act, will require a Pratt student to be registered for academic credit. For many companies, this will also require proof of enrollment or formal acknowledgement from Pratt Institute to verify the student will receive credit for the internship if it is unpaid. At Pratt Institute, only the Center for Career and Professional Development is allowed to provide an employer with a student's letter of proof for an internship.

Q.5 Is an internship for academic credit an academic course? (continued next page)

- 5.1 Yes, it is a faculty-run class, typically with set meeting times, a course syllabus, and graded assignments like other classes. You will receive a grade at the end of the course.
- 5.2 Pratt does not offer retroactive registration for any internship.
- 5.3 Internship courses are elective courses (typically studio elective credit) that are graded.

Frequently Asked Questions.

Q.5 Is an internship for academic credit an academic course?

- 5.4 You will be asked to fill out a survey during your internship experience. These will include information about your internship, your responsibilities, and what you learned from the experience. Your direct supervisor will also be asked to fill out a survey at the end of your internship experience to provide feedback that will impact your grade in the course.
- 5.5 Students pay standard tuition for internship course credits.
- 5.6 Credits are based on the minimum hours worked during the semester: 120 hours = 1 credit; 180 hours = 2 credits; and 240+ hours = 3 credits.

Q.6 What is the difference between regular (1, 2, 3) internship credits and a zero-credit internship course?

- 6.1 The zero-credit course is an option available to students only during the summer term.
- 6.2 Students are required to work 80 hours during the summer semester.
- 6.3 Tuition is 30% of the cost of one academic credit.
- 6.4 0 credit internships are graded Pass/Fail.

Frequently Asked Questions.

Q.7 How do I find an internship?

- 7.1 Talk to faculty and the Chair of your department, your peers, family, and friends.
- 7.2 Conduct your own research, visit websites for companies of interest and check their career page.
- 7.3 Search internship listings on [Handshake](#) and check the resources and recommended search sites through an appointment with the Center for Career & Professional Development.
- 7.4 Utilize LinkedIn to see where Pratt alumni are working - whether you want to directly connect with them or simply want to see the cool work they are doing/interesting companies they are working for.
- 7.5 Schedule an appointment with an advisor at the Center for Career & Professional Development to receive one-on-one advice tailored to your personal goals and interests.

Q.8 What is/How do I find an international internship? (continued next page)

- 8.1 An international internship is an opportunity outside the U.S. The process to set up an international internship is different from a domestic internship and requires advanced planning, especially to obtain proper Visa processing. It is recommended that students begin the process of setting up an international internship at least one semester prior to the term in which the internship is to be conducted.

Frequently Asked Questions.

Q.8 What is/How do I find an international internship?

- 8.2 *Companies may or may not offer their services at a cost. These are listed here as ideas of how/where to start. If you have questions or concerns, please contact Mackenzie Adriance, Assistant Director of Experiential Learning, in the CCPD.

Q.9 What should I look for in a 'good' internship?

- 9.1 Supervision – a professional artist or designer and/or someone with experience relevant to a student's professional interest.

(Supervisors work with and guide interns from start to end.)

Orientation – students are offered an orientation to the internship site

Outlined objectives – set in the beginning (with expectations included such as schedule, time commitment, job responsibility, additional opportunities)

Short term opportunity – 10 to 15 weeks total; with a clear start date and end date.

Frequently Asked Questions.

Q.10 I am an international student and I've found an internship. What documents do I need in order to start the CPT process?

10.1 Take a look at the OIA's CPT [page](#).

10.2 Submit all documentation in pdf format to ويا@pratt.edu

Q.11 I am an international student. How does my CPT affect my OPT?

11.1 Use of full-time Curricular Practical Training (CPT) for 12 months or more eliminates eligibility for Optional Practical Training (OPT). Use of part-time CPT (20 hours or less) does not affect eligibility for OPT at this time.

11.2 Only part-time CPT is permitted during the school year. Part-time or full-time CPT is permitted in the summer (with the required internship course.)

Frequently Asked Questions.

Q.12 The company I want to intern with has requested proof of credit/proof of enrollment. What is this and where can I get one?

- 12.1 Organizations and companies who hire interns enrolled in an internship course typically ask for proof of enrollment or proof of credit. This is an official document that states the student is eligible and enrolled in an internship course.
- 12.2 Only the Center for Career & Professional Development can provide this document.
- 12.3 You can request this document if you have met all the requirements and have enrolled in an internship course for the semester. Requests can be made by emailing a request to career@pratt.edu. [You must provide the information found in this form](#) on [page 15](#).

Q.13 I interned back home last summer. Can I receive credit for that now?

- 13.1 No. There is no retroactive credit offered for internships completed in the past.
- 13.2 Students can only enroll for an internship course offered by their departments during the regular registration period during the semester in which they are completing the internship.
- 13.3 Pratt does not allow students to register for an internship course that will be completed in a different semester (i.e. a student completes an internship in the summer but wants to enroll for credit during the previous spring or following fall semesters).
