Registration

When your registration time arrives, you can register for all of your approved classes at once by clicking on the “Register Now” button above the calendar or register for classes individually by clicking “Register” for each class in the sidebar on the left.

Registered courses will display a green “Registered” banner in the list view and switch from yellow to green in the calendar view. You can drop this course any time between now and the end of the add/drop period.

The screenshot displays a course registration interface. On the left is a course card for "SSWI-210T-08: General Psychology". The card includes a green "Approved" banner, a green "Registered" banner, and a "Drop" button. Course details listed are: Credits: 3 Credits, Grading: Graded, Instructor: Prof. Renata Strashnaya, Dates: 8/30/2021 to 12/20/2021, and Location: Brooklyn Campus Online ONLINE (Lecture). A "Meeting Information" link is also present. On the right is a calendar grid with days of the week (Sun-Sat) as columns. A green box labeled "SSWI-210T-08" is placed on the Thursday column, indicating the course's meeting time.

You won't be able to add a class if it is already full, but many classes have waitlists. You can add yourself with the “Waitlist” button next to the class. If a spot becomes available and you are next on the list, you will be notified by email.

Waitlist registration does not happen automatically. You must return to Student Planning and register for the course within two days. If you are no longer interested, you must drop yourself from the waitlist to allow the next student in line to register.

The screenshot displays a course registration interface for "IND-651-06: Prototypes I".
